Ried Kreuzberg Grüner Veltliner Kremstal Reserve Das weiße Mammut 2017

The love of wine runs in our Family, more than over the centuries, in the blood. Since 1868, the winery is in possession of the Family. Hollenburg is an old wine community, in the district of Krets/Donau, this located in the wine region Kremstal. Optimal care of the soil and the vineyards is a prerequisite to produce great wines. By gentle treatment and few interventions in the cellar is to preserve the nature quality. Quality grows in the vineyards

Origin

The grapes come from our own vineyards Schiefer, this is Hollenburg's oldest vineyard, dating to 1364.

Soil

20-160 cm loess over Konglomerat (primary rock formed during the Ice Age)

Tasting notes:

Only the healthiest and ripest grapes are refined in the finest barrique. Clear but beautifully integrated wood notes. Burgundy scent, green nuts, pinch of vanilla.

Soft, voluminous, creamy and powerful on the palate.

Absolutely unusual, even out of line dancing variety representative. A Mammut!

Vinification: 24 months in new French barrique

12 months sur lie

Tip: please open the bottle 2-3 hours before drinking
