Grüner Veltliner Ried Schiefer Kremstal DAC 2019

Located on the right bank of the river Danube, is **Hollenburg**, the southernmost district of Krems, also called **Austria's white wine capital**. Our winery is situated within this historical region of the **Kremstal**, where viticulture was practiced evidently **400 years A.D. by the Romans**. The love for wine is deeply rooted in our family for far over a century, and since 1868 the winery is family – owned.

Quality grows outside in the vineyards, where the soils are dominated by **loess** and supplemented by **conglomerate** and **gravel**. The warm **Pannonian climate** from the east meets the Continental influenced climate of the higher situated Waldviertel. This results in extreme temperature differences between day and night, which has intense positive effect on the formation of flavour. Foundation for producing great wine is **sustainable treatment** of soil and vineyards. To maintain the nature given quality, we only work with gentle treatments and few interventions in the cellar. **“I make the wines for myself, I can only sell the wines that I like.”**

Origin: Kremstal DAC
Location: Ried Schiefer

The terraces of these vineyards (300 meters above sea level) are characterized by conglomerate rock. The vineyard was first mentioned in 1318. Average slope inclination over 26% to the south and southeast. The name slate does not come from slate rock, but is derived from Schiffberg. From here, the Danube ships were warned by flags and fire about possible dangers of the Danube, which at that time had 3 arms, or about ship looters.
