# Grüner Veltliner

## Ried Tabor Kremstal DAC Reserve 2021

**Origin:** Ried Tabor | Kremstal DAC Reserve  
**Site/vineyard:** The vineyard is one of Austria's oldest and most interesting vineyards, because the Grüner Veltliner vines are the one of the oldest vines of Austria, have remained ungrafted, growing on their own rootstocks. They were planted close to the Danube River in sandy soil, which enabled them to survive the devastating phylloxera catastrophe (since 1872) of the nineteenth century – and are undoubtedly the last of their kind in the country.

**Analysis:** Alcohol: 13,5% vol  
 Residual sugar: 1,9 g/l  
 Acidity: 5,9 g/l

**Closure:** Cork

**Soil:** sand, near the Danube

**Vinification:** steel tank, about 12 months on the lees

**Characteristic:** From these ancient, ungrafted vines, comes a beautifully nuanced, full and elegant Grüner Veltliner with hints of fennel, spice and juicy tropical fruit, complex and mineral with fresh forward fruit and finely balanced acidity. With this texture and depth, it is distinguished in every phase and has a long, luxurious finish. Very limited yield; great aging potential.

**Ideal Maturity:** 2022 bis 20333

**Drinking temperature:** 10-12°C

EAN Bottle: 9120010692 277

EAN Case: 9120010692 284
